

For Life

## BIOLOGICAL DEODORIZING URINAL MAT

Eliminates malodours and blockages

## INNOVATIVE FOR ALL YOUR CLEANING NEEDS

For Life Biological Deodorizing Urinal Mat is a biotechnology and essential oil collaboration product for the treatment of common urinal challenges. The biological component, a bio tab continually eliminates bad smells and reduces the formation of uric acid build-up whilst enhancing the bio-degradation of organic matter in downstream effluent. The bio tab will last for at least 2,000 flushes. The essential oil fragrance embedded in the plastic mat, has a constant release rate of the fragrance that will last 30 days.

## UNIQUE BENEFITS

- A unique proprietary urinal mat, impregnated with essential oil fragrance and bio tab that allows aerations, oxygenation and biological treatment of effluent containing urine and protein.
- A tab that has the ability to greatly eliminate malodours associated with urinals.
- Easy to manage and will last for 30 days before it is replaced
- Reduces transport cost – no heavy 25L plastic drums
- Very effective at digesting uric acid, which is often the cause of malodours and the blocking of bathroom effluent pipes.
- Contains no less than 8 million organisms per gram of specially selected micro-organisms to solve the problems at hand.
- The controlled release of the essential oil fragrance imbedded in the plastic mat will ensure a pleasant fragrance for 30 days.

## AS ENVIRONMENTALLY POSITIVE AS IT GETS

- Environmentally positive product making use of nature's cleaners (soil bacteria) put to work to rectify man-made problems
- Solid oxygen increases the much needed carbonates to ensure optimal biological action for the effective degradation of organics by the Bacillus Subtilis (good bacteria)
- Contains especially selected fermentation extract to get the degradation process started
- Contains no PCBs (polychlorinated biphenyls)
- Safe for users – simple to use – environmentally positive

## USE INSTRUCTIONS - GUIDELINES

### URINALS, U-TRAP & BATHROOM PIPES

1 per urinal –replace every 30 days  
Biological action will reduce the uric acid buildup in Trap, controlled release of fragrance will last 30 days

### PACK SIZES

1 Biological Deodorized mat with  
1 Bio Tab. Comes in various colors and fragrances.
